

Sunoco Supreme

A true high performance leaded racing fuel designed for sophisticated race engines which routinely function between 7,000 – 10,000 rpm. Sunoco Supreme™ is trusted by some of the most respected names in motorsports. It is specially formulated with low sensitivity to achieve a high motor octane value for increased protection against detonation under severe operating conditions. Sunoco Supreme is recommended for two- and four-stroke applications up to 15:1 compression ratio.
